

SENIOR RESOURCE GUIDE

**JACKY
ROSEN**

U.S. SENATOR *for* NEVADA

A MESSAGE FROM **U.S. SENATOR JACKY ROSEN**

Dear Nevadan:

As someone who stepped back from my career as a computer programmer to take care of my aging parents and in-laws, I know how important it is that our seniors, and their families and caregivers, have access to all of the resources they need. Supporting Nevada's senior community is a top priority for me, and I'm committed to ensuring you receive the benefits you have earned through a lifetime of hard work, so you can retire with dignity and peace of mind.

I want to ensure you and your loved ones have access to the assistance you deserve. From Social Security to Medicare, there are numerous benefits and services that are available for older Nevadans and every senior should be able to take full advantage of them. It is in this spirit that my office has created this Nevada Senior Resource Guide.

It is my honor to represent our state in the U.S. Senate. I was proud to vote for and help pass historic legislation that is now law to lower prescription drug costs for seniors by finally allowing Medicare to negotiate directly with drug companies to lower prices, capping total annual out-of-pocket drug costs for Medicare beneficiaries, and ensuring that no senior has to pay more than \$35 per month for insulin. I have also introduced and signed on to bills to support Nevada's seniors, including legislation that would expand Medicare coverage, improve veterans' access to VA health care and benefits, provide tax credits to family caregivers, make long term care more affordable, and increase access to palliative care.

If you need further information or have difficulty obtaining the assistance or compensation for which you may be eligible, please contact my office by calling 702-388-0205 or 775-337-0110.

It is a privilege to serve you, and I look forward to continuing to fight for Nevada seniors.

Sincerely,

A handwritten signature in black ink, appearing to read "Jacky Rosen", with a stylized, cursive script.

United States Senator Jacky Rosen

WELCOME

On behalf of Senator Jacky Rosen, welcome to our Nevada Seniors Resource Guide. We hope this assists you in finding and understanding many of the benefits and services you have earned. The following information is tailored to both Northern and Southern Nevada.

This user-friendly guide is designed to serve as a general directory and provide key information about federal, state, and community-based programs. **This is not an exhaustive list of all benefits, services, and organizations available in Nevada or at the federal level. That being said, this guide is designed to provide many helpful details.**

If you need more information, we invite you to contact our office. As always, we can conduct inquiries into various federal agencies on your behalf should you require our assistance.

Thank you for reading, and we look forward to serving you!

SOCIAL SECURITY

Social Security's retirement program has been an essential part of American life for over 85 years. In the following sections, you will find information from United States Social Security Administration (SSA) publications covering various topics. If you do not find the answers to your questions in this booklet, you can call the Social Security Administration to speak with them directly at **1-800-772-1213**.

SOCIAL SECURITY BENEFITS

You qualify for Social Security benefits by earning Social Security credits when you work a covered job and pay Social Security taxes. The Social Security Administration bases Social Security credits on the amount of your earnings. Social Security uses your earnings and work history to determine your eligibility for retirement or disability benefits or your family's eligibility for survivor benefits after a death. Each year the amount of earnings needed for credits goes up slightly as average earnings levels increase. The credits you earn remain on your Social Security record even if you change jobs or have no earnings for a while.

Your benefit amount is based on your earnings averaged over most of your working career. Higher lifetime earnings result in higher benefits.

RETIREMENT BENEFITS

At the Social Security Administration, people often ask, "What's the best age to start receiving retirement benefits?" The answer is that there's not a single "best age" for everyone and, ultimately, it's your choice. The most important thing is to make an informed decision. Base your decision about when to apply for benefits on your individual and family circumstances.

SUPPLEMENTAL SECURITY INCOME

What is Supplemental Security Income?

Supplemental Security Income (SSI) is an income assistance program run by the Social Security Administration. It provides monthly payments to blind individuals or people with disabilities who have little or no income and have not worked enough time to qualify as “insured” by Social Security standards. It also provides payments to people aged 65 and up without disabilities who meet specific financial requirements.

Individuals and couples are determined to be eligible if their countable income and resources do not exceed certain limits. SSI sets a minimum monthly income level and pays the difference between that figure and other income such as Social Security. SSI recipients can often qualify for Supplemental Nutrition Assistance Program (SNAP), formerly known as food stamps, low-income housing, and other benefits.

People who have worked may also qualify to receive Social Security disability or retirement benefits in addition to SSI.

Since SSI payments can be reduced by other income, SSI applicants must apply for any other benefits for which they are eligible. Social Security works with claimants to help them receive any other benefits for which they are eligible. People who receive SSI checks can also receive Social Security benefits, if eligible.

SUPPLEMENTAL NUTRITION ASSISTANCE PROGRAM (SNAP)

If you receive SSI, you may be able to get help through SNAP, formerly known as food stamps. SNAP benefits can help you buy more food without spending more money. However, the office of Senator Jacky Rosen **does not** decide if you qualify or not for SNAP benefits. If everyone in your household is applying for or receiving SSI, you can apply for SNAP at a Social Security office. If not, you must apply at your local county health or human services office.

The quickest and easiest way to apply for SNAP is online through Access Nevada or by calling the Nevada Division of Welfare and Supportive Services at 800-992-0900.

MEDICARE

Medicare is health insurance for Americans who are 65 or older. You are first eligible to sign up for Medicare three months before you turn 65. You may be eligible to enroll in Medicare earlier if you have End-Stage Renal Disease (ESRD), ALS (also called Lou Gehrig's disease), or have a qualified disability and as a result receive Social Security disability benefits.

Medicare is a federal program primarily administered by the Centers for Medicare and Medicaid Services (CMS). CMS and the Social Security Administration both handle some of the eligibility and application procedures, so you may sometimes receive Medicare-related mailings from SSA.

Please see the previous section in this booklet on Social Security for SSA contact information.

MEDICARE BASICS

Medicare offers different options for you to get health care coverage, including:

Part A (Hospital Insurance): Helps cover inpatient care in hospitals, skilled nursing facility care, hospice care, and home health care.

Part B (Medical Insurance): Helps cover:

- Services from doctors and other health care providers
- Outpatient care
- Home health care
- Durable medical equipment (like wheelchairs, walkers, hospital beds, and other equipment)
- Many preventive services (like screenings, shots or vaccines, and annual “Wellness” visits)

Part D (Drug coverage): Helps cover the cost of many prescription drugs (including many recommended shots or vaccines). You can join a Medicare drug plan in addition to Original Medicare (Parts A and B), or you can get it by joining a Medicare Advantage Plan with drug coverage. Plans that offer Medicare drug coverage are run by private insurance companies that follow rules set by Medicare.

Medicare Supplemental Insurance (Medigap): Extra insurance you can buy from a private company that helps pay your share of costs in Original Medicare (Parts A and B). Policies are standardized, and in most states named by letters, like Plan G or Plan K. The benefits in each lettered plan are the same, no matter which insurance company sells it.

HELP WITH THE COST OF PRESCRIPTION DRUGS

Extra Help

Medicare beneficiaries can qualify for *Extra Help* paying for their monthly premiums, annual deductibles, and co-payments related to Medicare prescription drug coverage. The Social Security Administration estimates the Extra Help is worth about \$5,100 per year. To qualify for Extra Help, you must be receiving Medicare and have limited resources and income.

Find out if you qualify or apply online at www.ssa.gov/benefits/medicare/prescriptionhelp.html.

ADDITIONAL ASSISTANCE FOR NEVADANS

Governor's Office of Consumer Health Assistance (OCHA)

The Office for Consumer Health Assistance (OCHA) assists anyone having a problem with their health care provider, health insurance, or with information requests. The office was established to provide a single point of contact for consumers and injured workers and to assist them in understanding their rights and responsibilities under Nevada law and health care plans, including industrial insurance policies. The office is dedicated to providing assistance through information, counseling, education, and advocacy.

MEDICAID

Medicaid is a joint federal and state program that provides health coverage to millions of Americans, including seniors and individuals with disabilities.

WHAT IS THE DIFFERENCE BETWEEN MEDICARE AND MEDICAID?

Medicare is a medical insurance program for people over 65, in addition to younger people with disabilities, and dialysis patients. Medicaid is an assistance program for low-income patients' medical expenses.

For more information on the Nevada Medicaid program, visit the Nevada Department of Health and Human Services' website at the following links: https://dwss.nv.gov/Medical/1_0_Apply_for_Assistance/ and https://dwss.nv.gov/Medical/2_General_Information/.

ADDITIONAL RESOURCES

Nevada's Senior citizens may find themselves struggling to afford housing, health care, internet services, utilities, or long-term care. There are a variety of resources available to seniors throughout this guide, but this section is a great starting point for general financial assistance. The resources below are available to low-income seniors and can cover a variety of needs. For financial assistance, call one of the numbers below that is most relevant to your needs, or call "211" to be directed to resources that will assist you.

NEVADA 211

Nevada 211 is a comprehensive listing of all essential community services in Nevada. Services are categorized by need and easily accessible by either calling or visiting the website.
