

Dear Fellow Nevadan,

Thank you for expressing interest in **FEDERAL GRANTS**. I am confident that you will find value in this one-page grants resource guide as you embark on your journey to applying for grants. During my tenure, my office has helped secure billions for Nevada through federal grants and we aim to increase that amount each year. To that end, my office can assist with the following services:

- **Congressional Letters of Support (LOS):** Some federal grant applications require or allow for letters of support. If you wish to request consideration of an LOS, visit sen.gov/R184.
- **Grant Award Tracking:** After you have applied for a specific federal grant, you may need to inquire about the status of your application with the respective federal awarding agency. My office is able to assist with this, when appropriate.
- **Grants Newsletter:** My office releases a monthly distribution that contains news about recently announced federal funding. Sign up at rosen.senate.gov/grants-newsletter-signup.
- **Webinars:** My office hosts quarterly webinars with federal agencies to discuss potential funding and assist grant seekers who may have questions about a specific federal agency and funding.

Helping eligible grant seekers in Nevada and increasing the flow of federal dollars into the state is deeply important to me. Contact grants@rosen.senate.gov for inquiries and information regarding my office's grant services.

Sincerely,

Jacky Rosen

United States Senator for Nevada
