

United States Senate

WASHINGTON, DC 20510

November 13, 2025

The Honorable John Thune
Majority Leader
United States Senate
Washington, D.C. 20510

Dear Leader Thune:

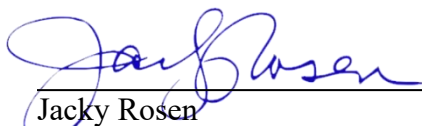

I write to urge that the Senate proceed expeditiously to consider the Epstein Files Transparency Act (H.R. 4405) once the legislation clears the U.S. House of Representatives next week. The gravity of the matters addressed by this legislation — and the compelling public interest in the newly released emails regarding Jeffrey Epstein and President Trump — make prompt Senate action both necessary and appropriate.

The recently revealed Epstein correspondence demonstrates the clear connection between the President and Mr. Epstein's nefarious and profoundly disturbing activities. In one email, Jeffrey Epstein himself wrote, "[I] want you to realize that the dog that hasn't barked is [T]rump ... [Victim] spent hours at my house with him, he has never once been mentioned." In another, Epstein acknowledged to author Michael Wolff: "[O]f course he knew about the girls as he asked [G]hislaine to stop." These communications underscore the urgent need for further transparency and robust Congressional oversight.

Last night's successful discharge of the Epstein Transparency Act provides both chambers the opportunity to address this pressing issue on behalf of the American people. The House of Representatives has now acted decisively to take a major step toward ensuring that the Epstein records are released and can be fully examined. Once their legislation – now required to receive a vote – passes the House with a simple majority vote next week, the Senate must match this effort and schedule prompt floor consideration of the bill to uphold our constitutional duty of oversight and to preserve public trust.

Thank you for your attention to this urgent matter. I look forward to working with you to ensure that the Senate acts quickly and responsibly on this critical legislation.

Sincerely,

Jacky Rosen
United States Senator
